

Marco De Michele.

FULL STACK WEB DEVELOPER

Puglia, Italy · Remote-first · marcolinodemichele@gmail.com · demicorp.it · linkedin.com/in/marco-de-michele
· github.com/marcode11

PROFILE

Full Stack Web Developer with 5+ years in software development and over 3 professionally. I build web and mobile applications and scalable SaaS platforms, owning the whole product lifecycle. Over the past year I've made AI-augmented development my working method — Claude Code, AI agents and automation — to ship faster, more consistently and with fewer bugs, and to bring innovation and optimisation into a team's workflow.

EXPERIENCE

Corsi.it — Senior Full Stack Developer

OCT 2025 — MAR 2026 · REMOTE

High-velocity environment with a high daily ticket volume; building and maintaining scalable web applications.

- Solving complex problems in production, focused on performance and reliability.
- Planning, prioritising and delivering in an agile methodology.
- Collaboration with cross-functional teams.

React · TypeScript · Node · Laravel

Loomnia — Full Stack Developer

MAR 2025 — OCT 2025 · ON-SITE

Full stack software solutions for businesses: management dashboards, automation tools and chatbot-based platforms.

- Automated workflows and AI-based features.
- Technical architecture and full development cycle, with direct client relationships.
- Scalable web and mobile applications for business.

React · Next.js · Node · OpenAI · n8n

SMED — Full Stack Developer · HealthTech

FEB 2024 — APR 2025 · ON-SITE

Medical software in cardiology and telemedicine, compliant with healthcare security requirements.

- Machine Learning projects on medical datasets.
- Secure, scalable platforms supporting clinical workflows.

React · Vue · PHP · Flutter · ML

Sistemi e Soluzioni — Frontend Developer · Internship

MAY 2023 — NOV 2023 · REMOTE

First professional experience in frontend with modern web technologies, in an agile team.

HTML · CSS · JavaScript · Git
